### A NOTES TO THE INTERIM FINANCIAL REPORT

#### A1 Basis of preparation of Interim Financial Report

The interim financial report is unaudited and has been prepared in compliance with FRS 134 2004, "Interim Financial Reporting", issued by the Malaysian Accounting Standards Board ("MASB") and the disclosure requirements as set out in Appendix 9B of the Listing Requirements of Bursa Malaysia Securities Berhad for MESDAQ Market.

The interim financial report has been prepared in accordance with the same accounting policies adopted in the annual financial statements for the year ended 31 December 2005, except for the accounting policy changes that are expected to be reflected in the annual financial statements for the year ending 31 December 2006. Details of these changes in accounting policies are set out in Note A2.

The interim financial report should be read in conjunction with the audited financial statements for the year ended 31 December 2005. These explanatory notes attached to the interim financial report provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the year ended 31 December 2005.

#### A2 Change in Accounting Policies

The MASB has issued a number of new and revised Financial Reporting Standards ("FRS" which includes the MASB's Issues Committee's Interpretations) that are effective for accounting periods beginning on or after 1 January 2006.

In 2006, the MASB issued another two revised FRSs (FRS 117, Leases and FRS 124, Related Party Disclosures). These two FRSs are effective for annual periods beginning on or after 1 October 2006.

The Board has determined the following accounting policies to be adopted in the preparation of the Group's annual financial statements for the year ending 31 December 2006 issued by the MASB in 2006:

- FRS 2 Share-based Payment
- FRS 3 Business Combinations
- FRS 5 Non-current Assets Held for Sale and Discontinued Operations
- FRS 101 Presentation of Financial Statements
- FRS 102 Inventories
- FRS 108 Accounting Policies, Changes in Estimates and Errors
- FRS 110 Events after the Balance Sheet Date
- FRS 116 Property, Plant and Equipment
- FRS 117 Leases (Early adoption)
- FRS 121 The Effects of Changes in Foreign Exchange Rates
- FRS 127 Consolidated and Separate Financial Statements
- FRS 128 Investment in Associates
- FRS 131 Interests in Joint Ventures
- FRS 132 Financial Instruments : Disclosure and Presentation
- FRS 133 Earnings Per Share
- FRS 136 Impairment of Assets
- FRS 138 Intangible Assets
- FRS 140 Investment Property

The adoption of FRS 2, 3, 5, 101, 102, 108, 110, 116, 121, 127, 128, 131, 132, 133, 136 and 138 does not have significant financial impact on the Group in the current quarter under review and the preceding year. The principal effects of the changes in accounting policies resulting from the adoption of FRS 117 Leases and FRS 140 Investment Property are as follows:

(a) FRS 117 Leases

In prior years, the leasehold interest in land held for own use classified as property, plant and equipment were stated at cost less accumulated depreciation and impairment losses, if any.

With the adoption of FRS 117, the leasehold interest in land for own use is accounted for as being held under an operating lease. The unamortised cost of the land has been reclassified to Prepaid Lease Payments which are amortised on a straight line basis over the remaining lease term of the land.

### **B DISCLOSURE REQUIREMENTS AS SET OUT IN APPENDIX 9B OF THE LISTING REQUIREMENTS OF THE BURSA MALAYSIA SECURITIES BERHAD FOR MESDAQ MARKET**

#### **B11 Material litigation**

##### **(a) VTSB vs Tan Hwang Kiat (NRIC No : 730726-02-5333) ("First Defendant") and ACA Vision Technology Sdn Bhd (Company No. : 618197-K) ("Second Defendant")**

The First Defendant was an engineer previously employed by VTSB. He was suspected to have copied VTSB's source code and produced an automated vision inspection system to be sold through the Second Defendant.

VTSB was granted an Anton Pillar order on 22 October 2003 and conducted a raid at the Second Defendant's office and the First Defendant's residence on 29 October 2003. It is VTSB's case that the said ViTrox's source codes were discovered in the computers at the said office but nothing was found at the residence.

Based on the results of the raid, VTSB has applied for an injunction on 24 November 2003. The application for the injunction together with 2 separate applications by the Defendants to set aside the Anton Pillar order and application by the First Defendant to challenge an affidavit of a witness for VTSB is pending fixing of a date from the court for hearing. One of the grounds put forward by the Defendants in their application is that the source codes discovered in the computers do not belong to VTSB.

Based on the advice of the solicitors, the Directors of VTSB are confident that the court is likely to allow VTSB's claim. VTSB will be entitled to all earnings the First Defendant and Second Defendant made as a result of the use of VTSB's source code and costs including the investigation fees.

Notwithstanding the above, in the event that VTSB's claim is not successful and assuming that both the Defendants continue with the business, the Directors of VTSB believe that VTSB would only be minimally affected, if any, in view of the fact that the affected source codes are of the older version. In line with the dynamic environment of the machine vision industry, VTSB has since upgraded the source codes which are of higher accuracy and speed. As such, the current product lines of VTSB are independent of the affected source codes and thus, the sales of VTSB's products should not be affected by products arising from the use of affected source codes, if any.

The decision for Enclosure 57 (the Defendant's application to expunge certain affidavits of the Plaintiff) came up on 9 November 2006 where the Court dismissed the Defendant's application. Therefore, the Plaintiff is entitled to rely on all the affidavits. However, the Court informed the Defendant's solicitor that they are at liberty to file an application to cross-examine the deponent/s of the relevant affidavits as provided for in the Rules of the High Court.

Having delivered the said decision on 9 November 2006, the Court then fixed Enclosures 15 (the First Defendant's application to set aside the Anton Pillar Order), 17 (the Plaintiff's application for further injunction) and 19 (the Second Defendant's application for return of the items seized) for hearing on 10 November 2006.

On 10 November 2006, all counsel applied for an adjournment on the basis that more time is needed to fully prepare for hearing of the said 3 enclosures. The Court allowed the application for an adjournment and fixed the said 3 enclosures for hearing on 8 December 2006.

##### **(b) ACA Vision Technology Sdn Bhd vs ViTrox Technologies Sdn Bhd**

ACA Vision Technology Sdn Bhd vs ViTrox Technologies Sdn Bhd, ACA Vision Technology Sdn Bhd ("the plaintiff") has commenced an action against ViTrox Technologies Sdn Bhd ("the subsidiary") a wholly owned subsidiary of ViTrox Corporation Bhd ("the Company").

In the statement of claim endorsed on the writ of summons that was served on 27 December 2005 on the subsidiary, the plaintiff alleges that the subsidiary had in the subsidiary's corporate directory under the file - Vitrox-CorpDirectory-InfoSummary-Risk Factors - published in the Bursa Malaysia website, www.bursamalaysia.com, under the heading of Information Summary and in the sub-heading entitled Material Litigation published a statement that is defamatory of the plaintiff.

The subsidiary having consulted its solicitors has been advised that there is a good defence to this action commenced by the plaintiff.

The subsidiary has been further advised that at this stage the quantum of damages cannot be determined as damages (if any) that is to be awarded in a defamation action is to be assessed by the Court having the benefit of evidence adduced during trial.

VTSB has filed an application to set-aside the services of the writ of summons and statement of claims.

The Court has allowed VTSB's application to set aside the service of the writ of summons against the VTSB with costs. ACA Vision Technology Sdn Bhd had filed an appeal against the decision by the Deputy Registrar to Judge in chambers and a hearing date has yet to be fixed.

##### **(c) Tan Hwang Kiat vs ViTrox Technologies Sdn Bhd**

Tan Hwang Kiat ("the Plaintiff") commenced action against ViTrox Technologies Sdn Bhd ("the Subsidiary"), a wholly owned subsidiary of ViTrox Corporation Berhad ("VCB").

In the statement of claim endorsed on the writ of summons that was served on 6 March 2006 on the Subsidiary, the Plaintiff alleges that the Subsidiary had in the Subsidiary's directory under the file - ViTrox-Corp Directory-Info Summary-Risk Factors - published in the Bursa website, www.bursamalaysia.com, under the heading of Information Summary and in the sub-heading entitled Material Litigation published a statement that is defamatory of the Plaintiff.

In accordance, the Company is not able to assess the financial damages (if any) and the suit is not expected to have any other financial impact on the Group. The suit is also not expected to have any operational impact on the Group.

The Plaintiff had therefore claimed the interest rate on the judgment sum which is to be assessed in the event that the Plaintiff is successful in his claim. In such an event, the Plaintiff is entitled to claim interest of 8% per annum on the judgment sum from the judgment date until the full settlement of the said sum.

The Subsidiary having consulted its solicitors have been advised that it has good defence to the action commenced by the Plaintiff and has good defence to the action commenced by the Plaintiff and has instructed its solicitors to do the necessary to defend the said action.
